

REMARKS

Claims were rejected under § 103. These rejections are moot because only allowable claims remain, or claim depending from allowable claims.

Claims were rejected for double patenting over the claims of copending application 10/697,247. A terminal disclaimer is attached.

The application is believed to be in condition for allowance, which is requested.

Respectfully submitted,

Nick Bromer (Reg. No. 33,478)
